### **Supreme Court Public Access**

The Public/media representatives may obtain general information about non-confidential statewide court cases by accessing the Supreme Court's Public Access to Court Information website at the following link:

<http://apps.supremecourt.az.gov/publicaccess/caselookup.aspx>

By using this website, the public/media representatives who are interested in finding out what cases have been filed for a specific individual can enter that person's name to find all cases in the system that are associated with that person. A specific case can also be viewed by entering the case number.

Once the case is selected, general information will appear, and includes the pleadings filed, hearings held, and status of the case. For more information about the case than the website displays, you may contact the office of the Clerk of Court.

### **Gila County Court Public Access**

If an agency of the media is interested in following the progress of a particular Gila County case or a public interest case, the media representative may identify that case to the office of the Court Administrator. Information about the case may still be obtained from the Public Access to Court Information website, as the direct link will save the media time when researching the case. This Court's website can be accessed by clicking on the following link:
